### ABOUT US:

Established in 1985, B.O.S.S. The Movement is a Christ-centered curriculum that targets the transformation of youth ages 7-19 over a 12-year period. B.O.S.S. offers four unique curriculum phases designed to train and develop youth as Kingdompreneurs to live out God's purpose and birth their God-given dreams into reality.

Vertical Leap empowers adults to TRAIN youth in their community through a 15-hour weekend discipline boot camp.

It is our belief that nations can be won to Christ in less than 12 years, if we train our children early in a systematic way, according to Proverbs 22:6.

### OUR VISION:

A global generation trained to win the world for Jesus Christ through Kingdom economics
